All Urns are made from the finest of top grade materials, with stunning colors and natural highlights. Each piece is completely handmade which classifies these urns in the category of "old world craftsmanship", workmanship not easily found around these days. Beautiful and unique styling with a deep lustrous finish. Underneath the urn, the base is lined with soft felt, eliminating any chance of scratching even the most delicate of surfaces. It has a secure aluminum screw cork with a rubber seal. Which makes this an appropriate tribute for your loved one. There are three - four simple screws on the bottom of the wood urns, allows you to add a picture of your loved one.
